December 11, 2007

Dear Colleague:

I am pleased to announce that the 18th Annual National Radiological Emergency Preparedness (NREP) Conference will be held at the Tuscany Suites and Casino (<http://www.tuscanylv.com/>) in Las Vegas, NV. The dates for this conference are April 7 – 10, 2008. The purpose of the conference is to provide a professional forum for individuals and agencies involved in radiological emergency preparedness and response. Attendees are typically from federal, state, and local emergency management agencies, radiological health programs, nuclear power utilities, and other organizations involved in radiological emergency preparedness and response.

The conference registration fee (\$300.00 per person) covers administrative costs, refreshment breaks and the cost of the conference luncheon for the registrants. The negotiated room rates can be found on our web site under "Hotel, Airport, Ground Transportation". I urge you to make hotel reservations as early as you can, but absolutely no later than March 5, 2008 in order to receive this rate.

At this conference, we will be offering three workshops. These workshops, to be conducted from 8AM until 12PM on Monday, April 7, 2008, will be offered only to conference registrants at no additional charge; however, you must indicate on the conference registration form which workshop you desire to attend. Please check the website for additional information on these workshops. Please note that the main conference will open at 1:15pm on Monday, April 7, 2008.

The National REP Conference Steering Committee encourages business casual attire for this conference. This is not a requirement, and we would like to invite you to be comfortable as you attend the conference sessions.

I certainly encourage you to frequently check the conference web site at [www.nationalrep.org](http://www.nationalrep.org) for the most updated information on registration, hotel, air and ground transportation, area attractions, and most importantly, program agenda and workshops. The conference program agenda will be periodically updated.

The 2007 conference in Newport Beach, California was a great success, and we are working diligently to make the 2008 conference another success. Please plan to join us in Las Vegas the week of April 7th. Should you have questions or comments, please feel free to contact me or any other member of the Steering Committee. Steering Committee contact information may be found on the conference web site. I look forward to seeing you in Las Vegas!

Sincerely,

Walter H. Lee, Chair  
2007-2008 Steering Committee
